## About This Content

The Hattori Clan Pack includes all four unlocks previously only available in the Total War: SHOGUN 2 Limited Edition.

### Key Features:

- **The Hattori clan are masters of the Iga-ryu ninjutsu** - a unique collection of martial skills and guerrilla techniques. This additional in-game faction is available for use in single or multiplayer Campaign modes and Custom and Multiplayer Battles. It includes the most powerful battlefield ninja units.
- **The Battle of Nagashino (historical scenario)** saw an alliance between the Oda and Tokugawa clans clashing against the legendary Takeda clan in 1575. Takeda was ultimately defeated but, as in all Total War battles, victory lies in your hands and by playing one of these three factions you can repeat history... or even rewrite it!
- **Special armour for your avatar** – this complete set of armour will make your General's avatar stand out on the battlefield and will reward you with the Bad Omen retainer that affects morale to enemy ashigaru (foot soldier) units, giving you a competitive advantage online.
- **Bank account of XP for your avatar** – start your General's avatar at a higher level, with instant access to one upgrade point to spend on special skills or traits.
